

ABOUT BRIDGE2HE

Aim of the project „Bridging the gap between Horizons through transnational cooperation of its NCP support structures (Bridge2HE)“ is to act as a supporting scheme to bridge the time between Horizon 2020 NCP network projects close and new Horizon Europe ones open, by facilitating effective integration of NCP systems in Horizon Europe. Proposers in new Horizon Europe calls will be supported by key NCP-led transnational tools & services for participants.

Consortium of partners from 22 european countries work together to implement Bridge2HE objectives. The partners are organizations that cover the work of National Contact Points.

One of the key project outputs is Horizon Europe NCP Portal.

ACADEMY

In this section you can find not only upcoming trainings, but also recorded past trainings – both from Bridge2HE project and from European Commission.

Horizon Europe NCP Portal also provides access to Virtual Campus (<https://courses.horizoneuropencpportal.eu>), where NCPs and participants can enroll in online courses. Courses contain tutorial videos, factsheets and quizzes on different elements within Horizon Europe for users to take them at their own pace.

STAGE

Stage provides overview of upcoming events, both from Bridge2HE project and from European Commission.

You can also find here past events with links to watch them if they were recorded, like Infodays or Research and Innovation Days.

STORE

Currently the Store section provides following tools:

- Partner search guide
- Horizon Europe Glossary
- Business Glossary
- Topic Tree

More tools and services will follow in future.

NCP CORNER

This section provides tools and workshops for officially nominated Horizon Europe NCPs.

Currently are available following tools:

- Best practices for H2020 NCPs on how to deal with COVID-19 situation
- Best practices catalogue for H2020 NCPs
- NCP Knowledge Hub
